

AND WE ARE OFF!!

Training underway, Reminders & Pre-Season Friendlies

Dear all players, parents, spectators and our whole community

We would just like to thank you for the first seven days with following the guidelines at the club. We kindly ask that you continue to follow our one-way system and our protocols. We also would like to remind you that it is very important that you as parents stay at training to administer any first aid that is needed (hopefully not).

Club Training

We had a great first week back at training with high numbers in all age groups, anyone who is wishing to join will need to contact Lisa Clark for more information. We are looking for new players in our older age groups so if anyone knows of any new players please get in touch with Lisa or the team manager, all details can be found on our club website. Our adult teams are looking very healthy in numbers and we are delighted to see a good number of our previous U16's players in our squads which is exactly what we aim to achieve every year.

Can I remind everyone that a very important factor at all youth training is that **ALL PARENTS MUST STAY** in order to administer any first aid required, to your child if necessary. If there will be a problem with a parent of the child attending for the whole session, then it is not possible for your child to attend training at this time. If an adult player gets hurt at training a procedure will be followed by adult coaches and managers which will safeguard everyone in the area. **ALL** players must attend training with their own drinks bottle. Face masks are optional to each individual player and adult, but not a necessity as we are outdoors.

At this time the changing rooms will not be available, due to facilities needing cleaning after every use, especially as we will look to utilise every day of the week. However, we feel it only right to have a toilet facility open and these will be cleaned daily, we ask parents to escort their child and remain at the door in order to ensure only one person is in the toilets at a time. The clubhouse is almost finished and with a few final touches we are aiming to have it open on Saturday 15th August. Details will follow in the coming week as to times etc

Please remember at all training and matches your boots, shin pads, drinks bottles and training kit, as without these we cannot allow participation.

Pre-Season Friendlies

Our pre-season friendlies are underway with the adult teams playing most Tuesday evenings and Saturdays afternoons but due to FA guidelines they can have NO spectators. For the youth football playing in friendlies they must have their parents stay at the fixture for safeguarding reasons, and observe social distancing guidelines. All teams can have two home friendlies, as this is then fair on all 15 teams and we have asked that all managers direct these through myself before confirming. All adult players have been asked to arrive at all games in black socks and shorts and a yellow t shirt will be issued for them to keep, this way cutting down on the need for washing club kit and the cost that goes along side this.

Sponsorship

We are keen to hear from any business that would like to become sponsors of our club. Payment plans can be offered on kit with a 0% finance of all kit from TAG Sports. We would like to thank Redruth Charity Trust for their recent sponsorship of our big puffa style substitute jackets for all our youth teams. This will keep three subs in all our youth teams warm in the wet winter weather. Our new sponsorship officer; Harry James is the initial contact person in the club and he can be contacted via his details on our club website.

Once again, we are delighted to see you back around the club and my very best wishes and health to you all

Mark Leah
Proud Chairman of St Day Youth
& Vice Chairman of St Day AFC
