

St Day AFC Club Covid 19 Current Rules

As you are all aware government rules have been relaxed for a while now and as a club we have suspended the strict risk assessment we had (I can hear you all cheering) and replaced with the below list of rules. If the government re-introduces some restrictions in the future, we may have to revert back to the full risk assessment again.

- Clubhouse, Kitchen, Bar, Toilets (both floors) and Changing Rooms – Open as normal
- Pitch side – Coaches will still carry hand sanitiser to be used before and after training. Compulsory items;
Appropriate footwear for venue
Shin pads
Water bottle
Appropriate clothing for the weather
- Training venue rules;
Cornwall College – U13 and younger need to have a responsible adult to stay with them at training sessions and matches. U14's, U15's and U16's can be dropped off / left unattended at training but please make sure you return in time for the end of the session (if the weather is bad it is advisable to stay at training in case it finishes early)
Behind Vogue Pub - U13 and younger need to have a responsible adult to stay with them at training sessions and matches. U14's, U15's and U16's can be dropped off / left unattended at training but please make sure you return in time for the end of the session (if the weather is bad it is advisable to stay at training in case it finishes early). Please park at the **club** and walk down if training here **unless** you are purchasing food or beverages from the pub.
Redruth School sports hall – U13 and younger need to have a responsible adult to stay with them at training sessions and matches. U14's, U15's and U16's can be dropped off / left unattended at training but please make sure you return in time for the end of the session.
- Away Matches – Any Covid 19 Risk Assessment at an away venue, must be respected and adhered too.
- Lifts/ bringing another child to training or matches – I am sure a lot of you will be happy with this one! You are now able to car share / bring someone else's child to training or a match, however you need to make the manager/coach aware on arrival of this, in case there are any concerns during the session and we need to contact the appropriate adult.
- First Aid – First Aid kits will be carried by the coaches as part of their kit. We are still asking for the responsible adult for the U13's and younger to be the person to administer any first aid required to respect our coaches and managers. U14's to U16's are deemed old enough to administer their own first aid with managers/coaches guidance.
