Club's great pride is youth section growing from strength to strength

ST Day AFC is a club with a bright future ahead and is family-friendly and well respected in the local community.

The club has been established since 1949 and the atmosphere around it is excellent,

with plenty of banter between players and supporters on match days.

In the clubhouse, and on the well-known balcony which over looks the pitch, the club offers a warm welcome to visiting teams and supporters. The clubhouse is for hire and can accommodate 100 people. The club can cater for weddings and private functions.

The club is very much the focus for people in and around the area, with other businesses hiring the clubhouse for various events, along with the St Day Bowls Club which meets on Tuesday and Friday afternoons. Line dancing is held on Tuesday and Wednesday evenings and there is also a youth club.

The chairman, Tony Evans, here describes the club and his hopes for the future:

'I have been associated with St Day AFC for about 48 years now and for the past few years had the privilege of being chairman. Backing me is a very strong, hardworking committee and band of volunteers, all with many years' dedication to the club.

Proud

'St Day AFC, an FA Charter Standard club, aims to be very much part of the community and for the family, and to this end we are very proud of both our Adult and Youth sections.

'The adult section, which has three teams, the 1st team playing in Jolly's Combination League, our reserve

team in the Premier Division of the Trelawny League and our 3rd team are in Division 3 of the same league.

'We have great pride in the Youth Section under the chairmanship of Mark Leah, which has grown from strength to strength over recent years, now comprising five teams: under 7s, under 8s, under 9s, under 11s and under 12s. Mark has a great band of managers and volunteers, many parents or relatives of youth members, who dedicate their time to this very active section.

'Many will know through the media that we have had our problems recently, as all clubs do from time to time. We have had our knocks (and people who have knocked us), but the club has a very strong and loyal band of players and supporters who band together and ride-out any storm.

'Our biggest enemy at the moment, as with many other clubs, is the weather causing

the postponement of so many games, which will inevitably result in many weekday evening games having to be played towards the end of the season, putting pressure on our players with work commitments. I have no doubts at all that St Day AFC, which was formed 65 years ago, will continue to strive for the

good of sport, youth and the community. It is a great little club with a big heart.

'Finally I would like to say a very big thank you to all our valued sponsors, supporters and helpers, because without their help and support and extensive enthusiasm the club would not be where it is today.'

Scaffold Solutions South West Ltd

Covering a wide range of scaffolding erections

Aiming to serve our clients with the safest and most innovative method of scaffolding and access solutions

- Domestic • Trade • Commercial
- Contracts welcome - large or small
- Maintenance scaffolding
